

Mock Field Day BBQ! June 10, 12 noon
Paul's Address: 35085 RD 221;
NorthFork

Come join us one and all!

We are heading up to Paul Vind's (KF6TRJ) place, and he is a fixin us some mountain grub! yum-yum!

We want everyone to attend. We need all the Field Day equipment (radios, antennas, and power sources) that we will be utilizing on field day. We also need all of you that have the experience with the setup to come and show us how it is done! The more who are ready and understand how it all goes together, the better we will be at it come June 24th.

**ARRL ANNUAL
FIELD DAY 2023**

June 24th and 25th

11am Saturday to Noon Sunday

At the Masonic Hall: 40216 CA-49 Oakhurst

Mountain Amateur Radio Club invites you to Join them
for this Yearly Event!

Come and find out just how fun it is to be A Ham Radio
Operator. To be able to talk around the United States or
even the World!

During this event we will set up temporary stations
using emergency power sources. Then make as many
contacts across the country and maybe around the
world as possible.

We would love to share the experience with you! Let
you feel the thrill making your first contact over the air
waves. The rush and excitement of logging.
